

PART II

SIGNATURES OF SEVEN (7) FREEHOLDERS

Directions:

In **Part II** the petitioner shall obtain the signatures of the owners (freeholders) of seven (7) parcels of property within the township in which the proposed abandoned highway, road, alleyway, right-of-way, and/or street is located together with their correct mailing address, tax bill property number with a copy of the parcel information sheet and a copy of their deed of the property they own in the township.

NOTE: If the property is held by a husband and wife or jointly among others, the husband and wife and all joint owners together represent one freeholder and all must sign to constitute one parcel. Moreover, if property is held in the name of a husband or wife solely, the other spouse must still join in signing. Also note that four (4) lines have been provided for each of the seven (7) freeholders. Some parcels may only have one owner and therefore only one (1) line would be used. On the other hand, if there are more than four (4) owners of one parcel, attach an addendum, specifically referencing which of the seven (7) freeholders it applies to and provide all of the same information required.
